**Schuko Clean modular socket
base 16A 250V~ screw-in
system matte black Simon 270**

Brand: SIMON

Reference: SIMON 20000435-098

Schuko Clean modular Simon 270 socket base, matt black model RAL 9005 with screwing system. Designed for embedded cast installation, it offers full compatibility with standard frames and an auto-cover mechanism that automatically displaces the lid when not using visible plugs.

[View product online](#)**Description**

The Simon 270 modular CLEAN base is an recessable socket designed to be aesthetically integrated into plastered walls, offering a patented self-covering magnetic system that automatically displaces the lid when sockets are not in use.

Technical characteristics

- Series: Simon 270 - Embedded
- Connection type: Screwed-up terminal
- Method of assembly: Embedded cast
- Material: Halogen-free thermoplastic
- Colour: Black matt (RAL 9005)
- Nominal voltage: 250 V~
- Nominal current: 16 A
- Frequency: 50...60 Hz
- IP protection: IP20
- Device width and height: 55 mm
- Device depth: 43 mm
- Box compatibility: Minimum integrated depth of 40 mm
- Modular system: Compatible with standard frames and multiple modules

This product allows a versatile installation where you can choose specific functions and combine several frames with freedom, keeping a flat profile lined with the surface.

Specifications

Colour	Matt black
EAN	8421053381908
Material	Plástico
Protection	IP20
Nominal voltage (V)	250V
Piece type	Electrical mechanisms
Series	Simon 270
