Description

The Simon iO white matte electronic switch transforms your home into a connected space, allowing you to control lighting remotely and create personalized atmospheres. With integrated WiFi technology, it facilitates light management from anywhere without the need for bus wiring or complex home automation panels.

Technical Specifications

- Series: Simon 270 iO
- Current Rating: 10 AX
- Protection: IP20
- Material: Plastic
- Dimensions: 45 x 45 x 52 mm
- Cable Section: 1.5 to 2.5 mm²
- Cable Stripping: 7 mm
- Nominal Voltage: 127/230 V~
- Frequency: 50 - 60 Hz
- Operating Temperature: 0 to 40 °C
- Finish: White Matte
- Operation Method: Rocker/Button

- Number of Oscillators: 1
- Warranty: 3 years

This device allows connection to voice assistants like Hey Google or Amazon Alexa for command-based control. Additionally, it can be expanded with a central hub to integrate sensors and advanced scheduling.

Installation is simple: add a neutral wire to the output of the existing conventional switch outlet. This enables switching without major renovations, maintaining the traditional aesthetic of the 270 series while enjoying the benefits of a modern Smart Home.
