Description

The SIMON AQUA 10AX IP55 switch is a two-way Aqua series switch, designed for environments that require effective protection against dust and water jets. Its complete RAL 7035 grey housing guarantees robustness and modern aesthetics.

Technical characteristics

- Series: AQUA (Gama Estanca)
- IP classification: IP55
- Mechanical protection IK07
- Nominal voltage: 250 V
- Assigned current: 10 A
- Number of oscillators: 1
- Wiring system: Two-way switch
- Method of operation: Balncín/button
- Connection type: Plug Clamp
- Device depth: 57.5 mm
- Assembly: Superficial (shield) with base element and complete housing

Thanks to its high resistance to water and dust, this device offers constant performance in demanding conditions, ensuring electrical safety without compromising the durability of the lighting system.

Specifications

Colour	Grey
EAN	8421053298459
Protection	IP55
Nominal voltage (V)	250V
Piece type	Electrical mechanisms
Series	Simon 44 AQUA
