Description

The IP55 Intermediate AQUA TV socket is an essential component for the distribution of signals in electrical and telecommunications installations, allowing multiple devices to be connected without compromising the integrity of the circuit.

Technical characteristics

- Series: AQUA
- Range: SIMON AQUA - ESTANCA
- Model: Intern box
- Type of output: TV/RD/SAT
- Number of exits: 2
- Colour: Grey
- Degree of protection: IP55
- Assembly system: Base element with complete housing

By offering two outputs and an IP55 rating, this device guarantees the continuity of the signal in environments exposed to dust or water jets, facilitating the expansion of television networks and radio outdoors.

Specifications

Colour	Grey
EAN	8421053298619
Piece type	Boxes for mechanisms
Series	Simon 44 AQUA
