Description

The 3 mm pliers are essential accessories for finishing joints in ceramic works, presented in a practical bag of 300 units.

Technical characteristics

- Type: Slicing crossover
- Material: Thermoplastic polymer
- Presented in: Stock exchange
- Implementation: Ceramics on wall or floor
- Measurements: 3 mm
- Content: 300 units

Given their polymeric material and 3 mm measurements, these elements allow the uniformity of the joints in both vertical and horizontal ceramic coatings, facilitating a clean and precise finish in the installation.

Specifications

EAN	8423343210301
Material	Polímero
