Description

28 mm wide opal diffuser, designed for controlled lighting applications. Ideal to distribute light evenly in spaces where a smooth effect is required and without bright spots. Its roll format makes it easy to cut and adapt to different installation needs.

Technical characteristics

- Width: 28 mm
- Length: 30 meters
- Material: Opal
- Format: Roll

It is used in linear lighting systems where a homogeneous distribution of light is sought. Its roll design allows a flexible and simple installation in spaces with variable geometries.

Specifications

Width	28 mm
Colour	Opal
Manufacturer	Ledme
