Led Power Supply Lifud 75W 24Vdc Dimmable DALI/PUSH

Brand: Lifud

Reference: LEDME LF-GHD075D-24

Led Lifud power supply, 75W, 24Vdc, with DALI DT6/DT8 and Push regulation. Power supply 220-240V AC, 50/60 Hz. Electrical insulation class II, IP20 and IK4 protection. It works in temperature ranges from -20°C to +50°C. Includes protection against overload, short circuit and overheating. Power factor greater than 0,9, flutterless output (Flicker Free).

Description

Dimmable led Lifud power supply with DALI DT8/DT6 regulation or push-button, designed for 24V DC led lighting systems. It offers a maximum power of 75W and is suitable for environments with operating temperatures between -20°C and +50°C. Its IP20 protection and IK4 degree of resistance make it suitable for installations in protected indoor spaces.

Technical characteristics

- Maximum power: 75W
- Working temperature: -20°C ~ +50°C
- Protection: IP20
- Ik: 4 Kv
- Class Electrical insulation: II
- Overheating protection: Yes
- Overload Protection: Yes
- Short circuit protection: Yes
- Power supply: 220-240V AC
- Frequency: 50/60 Hz
- Output: 24V DC
- Installation: Area
- Dimension: 250X43X30H mm

- Material: PC
- Driver: Lifud
- Power Factor: >0.9
- Flicker Free: Yes
- Regulatory: DALI DT8/DT6/PUSH
- Guarantee: 5 years

Thanks to its non-splashing operation (Flicker Free) and its high efficiency, it is suitable for applications where continuous luminous stability is required. Its DALI or push-button regulation allows precise adjustment of the intensity in controlled environments.

Specifications

Appliance class	Class II
Frequency	50/60 Hz
Manufacturer	Lifud
Material	PC
Power (W)	75W
Protection	IP20
Adjustable	Yes
Nominal voltage (V)	24V
Type of installation	Surface
