### Description

The M LEDME Maya Series Roof Lamp is a lighting device designed for surface mounting, offering a functional and aesthetic solution for indoor spaces. It has an E14 light source and is made of metal material.

#### Technical characteristics

- Mark: M LEDME
- Light Source: E14
- Maximum power: 7W
- Working temperature: -20°C ~ + 50°C
- Protection: IP20
- Class Electrical insulation: I
- Power supply: 220-240v ac
- Installation: Area
- Dimension: 110X145H mm
- Material: Metal
- Guarantee: 3 years

This product operates within a wide range of temperatures, allowing its use in various controlled climate environments. The three-year warranty reflects the manufacturer's confidence in the durability of its electrical and mechanical components.

## Specifications

|                      |                      |
|----------------------|----------------------|
| Appliance class      | Class I              |
| Cap                  | E14 - rosca estrecha |
| EAN                  | 8435579745229        |
| Manufacturer         | Ledme                |
| Material             | Metal                |
| Measures             | 110X145H mm          |
| Maximum power (W)    | 7 W                  |
| Protection           | IP20                 |
| Nominal voltage (V)  | 220-240 V            |
| Type of installation | Surface              |
| Usage                | Indoor               |
