Description

LM3848 profile plugs, designed to close the ends of metal profiles in lighting systems or assembly structures. This pack includes 20 units, guaranteeing sufficient quantity for medium or maintenance projects. Made of PC material (polycarbonate), they offer mechanical strength and durability suitable for industrial or commercial environments.

Technical characteristics

- Quantity: 20 units
- Mark: M LEDME
- Material: PC
- Guarantee: 3 years

The plugs allow to protect the ends of the profiles, avoiding the entry of dust or humidity into LED lighting systems. Its design fits directly into LM3848 profiles, ensuring a simple and secure installation.

Specifications

Manufacturer	Ledme
Material	PC
# Elements	2
