Description

The iSG Lighting's Led Winni Black Wall App is an outdoor lighting device designed to provide an efficient and durable solution on facades. Its black shell combines functionality with modern aesthetics, integrating perfectly into various architectural environments.

Technical characteristics

- Power: 12 W
- Lightness: 960 lumens
- Light efficiency: 80 lm/W
- Working temperature: -20°C ~ +45°C
- Emission angle: 120°
- Lifetime: 30,000 hours
- Protection: IP54
- Impact level: IK8
- Electrical insulation class: II
- Power supply: 220-240V AC, 50/60 Hz
- Housing material: PC (Polycarbonate)
- CRI: 80
- Color temperature: 3CCT
- Dimensions: 185x230x80 mm
- Guarantee: 3 years
- Light source: Sanan

- Installation method: Area

With extended service life and a high rate of chromatic reproduction, this equipment guarantees a constant optical performance over time. Its robust construction and impact protection certification makes it a reliable option for applications where environmental resistance and structural safety are required.

The surface installation allows a direct fixation on walls or vertical structures, facilitating their assembly without the need for additional bypass boxes. Its wide operating range ensures stable operation even in extreme weather conditions, from cold winters to warm summers.

Specifications

Appliance class	Class II
High	185 mm
Bulb not included	No
Width	230 mm
Cri (Ra)	80
EAN	8435579761700
Manufacturer	iSG Lighting
Lumens (lm)	960 lumens
Power (W)	12 W
Depth	80 mm
Protection	IP54
Adjustable	No
Type of installation	Surface
Estimated life (h)	30.000
Usage	Outdoor
