### Description

The M LEDME microprismatic roll opal diffuser is a lighting component designed to distribute light evenly. Made of PC material, this product is presented in a width of 32 mm and a total length of 30 meters.

#### Technical characteristics

- Mark: M LEDME
- Material: PC
- Width: 32 mm
- Length: 30 meters

Its polycarbonate construction allows a versatile integration into linear lighting systems, offering an opal surface that softens the light flow without adding any additional unspecified elements.

### Specifications

|              |               |
|--------------|---------------|
| Diameter     | 32 mm         |
| EAN          | 8435579738979 |
| Manufacturer | Ledme         |
| Long         | 30 metros     |
| Halogen-free | Yes           |
| Material     | PC            |

|             |           |
|-------------|-----------|
| Weight (kg) | 0,0096 kg |
| Depth       | 32 mm     |
