Description

LM3815 profile caps, designed to close and protect the ends of metal profiles in lighting applications or structures. This pack includes 20 units, guaranteeing sufficient amount for medium projects. Made of PC material (polycarbonate), it offers mechanical strength and dimensional stability.

Technical characteristics

- Quantity: 20 units
- Mark: M LEDME
- Material: PC
- Guarantee: 3

The plugs are suitable for use in linear lighting installations where an airtight closure of the profiles is required. Its design allows easy placement and fixation on the LM3815 profile.

Specifications

Manufacturer	Ledme
