Description

LM3809 profile plugs, designed to close and protect the ends of metal profiles in lighting applications or structures. This pack includes 20 units, ideal for installations where a clean and safe finish is required. Made of PC material (polycarbonate), it offers mechanical strength suitable for use in standard environments.

Technical characteristics

- Quantity: 20 units
- Mark: M LEDME
- Material: PC
- Guarantee: 3

The plugs allow an airtight closure of the profiles, avoiding the entry of dust or moisture into the internal spaces. Its design adapts specifically to the LM3809 profile, ensuring accurate installation and no additional adjustments.
