Description

Kit composed of 20 plugs and 2 staples designed specifically for the Lm3718 profile. This set allows the fixation and protection of the ends of profiles, ensuring a clean and safe finish in lighting installations or metal structures.

Technical characteristics

- Quantity: 20 units of plugs and 2 staples
- Mark: M LEDME
- Material: PC (Polycarbonate)
- Guarantee: 3 years

The main use of this kit focuses on the completion of Lm3718 profiles, facilitating their integration into assembly systems without the need for additional tools. Its design allows a simple placement and a stable fixation.
