Description

Two module adaptation panel for Villa lamp, designed to be integrated into specific lighting systems. Made of aluminum, it offers a sturdy and lightweight structure, suitable for outdoor applications or controlled environments. Its standard size of 325x325 mm allows precise installation on devices compatible with this measurement.

Technical characteristics

- Mark: M LEDME
- Dimension: 325 x 325 mm
- Material: Aluminium
- Guarantee: 3 years

The sheet design facilitates the connection and alignment of two modules in a lamp system, optimizing the distribution of light. Its aluminium construction ensures good thermal dissipation and durability under normal conditions of use.

Specifications

Manufacturer	Ledme
Material	Aluminio
Measures	325x325 mm
