Product sheet

3L Surface Ring Aluminum for Cobfix 10W LEDME

Brand: LEDME

Reference: LEDME LM4375

LEDME surface ring for Cobfix 10W module, made of aluminium with IP20 protection and dimensions of 295x110x110 mm. Structural component designed for outdoor assembly that ensures mechanical stability and technical compatibility with specific lighting systems.

View product online

Description

3L surface ring made by M LEDME, designed specifically for integration with the 10W Cobfix module. This structural component in aluminium ensures a stable and functional fixation for surface lighting systems.

Technical characteristics

- Material: Aluminium
- Protection: IP20
- Dimensions: 295 x 110 x 110 mm

The aluminium construction offers robustness and adequate thermal management for the component. The IP20 classification protects against solid objects greater than 12.5 mm, although it does not include moisture resistance, which restricts its installation to dry indoor environments.

Specifications

Manufacturer	Ledme
Material	Aluminio
Protection	IP20
Usage	Indoor
