Description

12W LED panel downlight driver from M LEDME brand, designed to power LED panels for indoor lighting. Compatible with low-voltage LED lighting systems, offering stable current and voltage regulation for safe and efficient operation.

Technical Features

- Watts: 12 W
- Protection: IP20
- Supply: 170-265 V AC
- Output: 24-42 V DC
- Current: 280 mA
- Warranty: 3 years

This driver is suitable for applications in commercial and residential spaces requiring constant and safe lighting. Its wide input range allows adaptation to different electrical networks.

Specifications

Manufacturer	Ledme
Power (W)	12 W
Protection	IP20
Nominal voltage (V)	170-265 V

Current type	AC
