Description

Adapter cable designed to connect LED strips to a 220V AC power supply, compatible with general-purpose LED lighting systems. Manufactured by M LEDME, this product allows direct connection between the power source and the LED strip without the need for additional adapters.

Technical features

- Brand: M LEDME
- Dimension: 250X6 mm
- Warranty: 3

The cable facilitates the installation of LED strips in domestic or commercial environments requiring direct connection to a 220V AC power grid. Its compact design and precise dimensions allow for easy integration in limited spaces.

Specifications

Manufacturer	Ledme
Measures	250x6 mm
Nominal voltage (V)	220V
Current type	AC
