Description

The M LEDME-branded Driver Downlight Panel Led 20W is a power regulator designed to power LED panels, ensuring stable and efficient operation of the lighting system.

Technical characteristics

- Mark: M LEDME
- Power: 20 w
- Electrical protection: IP20
- Power range: 170-265v ac
- Output voltage: 36-63V DC
- Current intensity: 280 mA
- Guarantee: 3 years

When operating with a wide range of input voltage and a constant current, this device ensures that connected panels receive the necessary energy without fluctuations that can affect their life or light performance.

Specifications

Manufacturer	Ledme
Protection	IP20
