Description

Diffuser for led chimney hood model Dsc, designed to distribute light uniformly in kitchen or work areas. Made of aluminum, it offers a durable and lightweight construction, ideal for integration into extractor hood lighting systems. Its 120° diffusion angle allows for wide and homogeneous lighting, improving visibility without creating blind spots.

Technical features

- Angle: 120°
- Dimension: 340 mm
- Material: Aluminum
- Warranty: 3 years

This diffuser is designed for use in M LEDME brand led chimney hoods, optimizing luminous distribution in kitchen environments. Its compact design and lightweight material facilitate integration into extractor hood lighting systems.

Specifications

Opening angle	120°
Manufacturer	Ledme
Material	Aluminio
