Description

The Type L Black Three-phase Rail Connector of the M LEDME brand is an electrical component designed for three-phase installations. Made of aluminum and PC materials, it offers a robust and safe solution for circuit connection.

Technical characteristics

- Mark: M LEDME
- Type: Type L connector
- Implementation: Three-phase rail
- Colour: Black
- Material: Aluminium
- Guarantee: 3 years

Its construction in aluminium and polycarbonate provides the mechanical strength necessary to withstand three-phase connections in a stable way, ensuring reliable operation within the corresponding rail.

Specifications

Colour	Black
Manufacturer	Ledme
Material	Aluminio
