Description

LEDME brand touch switch, designed specifically for LED strip control. This device allows the activation and deactivation of the lighting with a simple touch, offering a simple and direct user interface for the management of the electrical current in your lighting facilities.

Technical characteristics

- Mark: LEDME
- Maximum power: 60
- Protection: IP20
- Power supply: 12-24v
- Dimension: 35X10 mm
- Guarantee: 3

With IP20 protection, this switch is designed for indoor environments where it is not exposed to moisture or water. Its power range from 12 to 24 volts in DC makes it compatible with most standard LED lighting systems. The compact dimensions of 35x10 mm facilitate their integration into panels or flat surfaces without occupying excessive space.

Specifications

Manufacturer	Ledme
--------------	-------

Measures	35x10 mm
Maximum power (W)	60W
Protection	IP20
Nominal voltage (V)	12-24V
Current type	DC
Usage	Indoor
