Double quick connector for SMD5050 RGB LED strip

Brand: LEDME

Reference: LEDME LM2052

Double quick connector for LED strips RGB SMD5050 of the LEDME brand. It allows the joining of lighting segments with a dimension of 170 mm. Includes 3 year warranty. Designed to facilitate the installation and maintenance of LED lighting systems in technical and domestic applications.

Description

The LEDME brand's RGB SMD5050 Double Quick Strip Connector is a component designed to facilitate the connection of lighting strips. Its main function is to enable the bonding of LED segments efficiently, ensuring continuity in electrical flow and color signal for RGB lighting systems.

Technical characteristics

- Mark: LEDME
- Dimension: 170 mm
- Guarantee: 3 years

This connector is specifically adapted for SMD5050 strips, ensuring compatibility with this type of lighting components. The 170 mm dimension offers a manageable size for installation in various spaces. The 3-year warranty supports product quality and manufacturer's confidence in its durability.

Specifications

Manufacturer	Ledme
Measures	170 mm
Nominal voltage (V)	12 V
