Description

The LEDME brand's Led Monocolor Smd5050 Double Quick Strip Connector is a component designed to facilitate the connection of lighting strips. Its main function is to allow the bonding of LED segments in a simple and efficient way, ensuring visual and functional continuity in lighting installations.

Technical characteristics

- Mark: LEDME
- Dimension: 170 mm
- Guarantee: 3 years

This connector is specifically adapted for monocolour strips with Smd5050 technology, ensuring direct compatibility with this type of components. The 170 mm dimension offers a standard size that facilitates integration into various lighting projects without requiring additional adaptations. The 3-year warranty supports product quality and manufacturer's confidence in its durability.

Specifications

Manufacturer	Ledme
Measures	170 mm
Nominal voltage (V)	12V
