Description

LEDME brand T connector, designed to provide a secure and reliable connection in installations where moisture resistance is a critical factor. This component stands out for its robustness and ability to maintain performance in demanding conditions.

Technical characteristics

- Mark: LEDME
- Protection: IP68
- Material: PC
- Guarantee: 3 years

The IP68 classification guarantees total protection against dust entry and superior resistance to water immersion, ensuring continuity of service in humid or submerged environments. The use of polycarbonate (PC) as the main material provides the rigidity necessary to support the mechanical requirements of the installation.

Specifications

Manufacturer	Ledme
Material	PC
Protection	IP68
