Description

Adjustable driver for 40W led Bure panel with remote control, designed to manage LED panel lighting accurately and efficiently. Compatible with 180 to 240V AC power supply systems, it offers stable and safe regulation for the operation of the led panel.

Technical characteristics

- Mark: M LEDME
- Power: 40 W
- Power supply: 180-240 V AC
- Guarantee: 5 years

This driver allows you to adjust the luminous intensity in a controlled way, ideal for environments where adaptive lighting is required. Its compact and efficient design facilitates its integration into led lighting systems.

Specifications

Manufacturer	Ledme
Remote control	Yes
Power (W)	40 W
Adjustable	Yes
Nominal voltage (V)	180-240 V

Current type	AC
