

## Product sheet

# LED Downlight Driver 25 W IP20

Brand: LEDME

Reference: LEDME KB0011

LED lighting driver for 25 W panels, compatible with AC power from 170 to 265 V, DC output from 54 to 84 V, rated current of 280 mA. Designed for indoor installations with IP20 protection, 3-year warranty. Ideal for linear or modular lighting systems in commercial and residential environments.

## Description

Driver downlight led 25W panel of the M LEDME brand, designed to power LED lighting panels. Compatible with input voltages of 170-265V AC, it offers a stable output of 54-84V DC with a current of 280 mA. Its IP20 protection makes it suitable for dry indoor environments.

### Technical characteristics

- Watts: 25 W
- Protection: IP20
- Power supply: 170-265 V AC
- Departure: 54-84 V DC
- Current intensity: 280 mA
- Guarantee: 3 years

This driver is suitable for LED lighting systems in commercial or residential indoor facilities where stable and efficient power is required.

## Specifications

|                     |           |
|---------------------|-----------|
| Manufacturer        | Ledme     |
| Power (W)           | 25 W      |
| Protection          | IP20      |
| Nominal voltage (V) | 170-265 V |

|              |    |
