

Product sheet

T-Type Connector for 10 mm Strip 12V/24V M LEDME

Brand: LEDME

Reference: LEDME LM2172

T type connector for led strips of 10 mm, compatible with 12V and 24V voltages. Designed for monocolour connection in led lighting systems. Made of thermoplastic materials of high thermal resistance and tinned copper contacts to ensure optimal conductivity. Ideal for industrial and commercial installations where secure and durable connection is required.

Description

T-type connector for 10 mm led strip, designed to connect and distribute power to 12V or 24V monocolour lighting systems. Compatible with standard led strips of 10 mm, it allows a secure and easy connection in lighting electrical installations.

Technical characteristics

- Type: T connector
- Compatibility: Led strip 10 mm
- Voltage: 12V / 24V
- Colour: Monocolor
- Mark: M LEDME
- Guarantee: 3 years

Specifications

Manufacturer	Ledme
Nominal voltage (V)	12V/24V

may contain errors or omissions and does not replace the manufacturer datasheet.
