The Click Clack Short valve of the IDROSPANIA brand is a plumbing accessory designed to regulate the flow of water in washing systems, ensuring quiet and efficient operation.

Technical characteristics

- Materials: Made of brass with locking mechanism also in brass.
- Anticalcarean system: It incorporates click-click technology to prevent the accumulation of tartar.
- Closing board: It uses high quality NBR90o.
- Lower gum: Combination of foam and transparent PVC.
- Spring: Includes stainless spring for longer durability.
- Connection: 1 1/4" thread with stainless bottom screw.
- Regulation: Adjustable body height up to a maximum of 70mm.
- Compatibility: Universal design adaptable to washbasins with or without overflow.

Thanks to its brass construction and high quality gaskets, this component offers optimal resistance to the passage of time and ensures an airtight sealing in various domestic facilities.
