Description

The 230mm flexible ham knife from the Arcos brand is a specialized tool designed for cutting ham and sausages, offering optimum performance thanks to its blade forged in stainless steel NITRUM. This material guarantees greater cutting strength and exceptional hardness, ensuring that each slice is uniform and effortlessly clean.

Technical characteristics

- Stainless steel NITRUM forged
- Sheet length: 230mm
- Plain thread for an excellent cutting experience
- Polypropylene (PP) handle
- Hygienic material and resistant to high temperatures
- Washable in dishwasher

The combination of its smooth edge and high-strength steel allows precise and efficient handling. The polypropylene handle ensures a safe and easy to clean surface, maintaining hygiene during daily use.

Specifications
