Description

The WADFOW 4V Li-ion wireless screwdriver is an electro-portable tool designed for precise fixation tasks in home and DIY environments. Its low voltage makes it ideal for jobs that require control and less physical effort.

Technical characteristics

- Voltage: 4V
- Hexagonal stave: 1/4"
- Speed without load: 240 rpm
- Maximum torque: 4 Nm
- Adjustable handle in two positions
- Charge via USB cable type C (the cable is sold separately)
- Integrated work light
- Includes: 8 25 mm Cr-V tips + support and 1 connector

Integrated lighting makes it easy to work in areas with little light, while the adjustable handle allows the tool to be adapted to different angles of use. The set includes a support to organize the supplied tips.
