Description

WADFOW's phased HSS bit with titanium finish is an accessory designed for electro-portables, offering a series of diameters from 4 to 20 mm with a regular step of 2 mm between each size.

Technical characteristics

- Size: 4-20 mm
- Step: 2 mm/step
- Vastago: 10mm (1/4") hexagonal
- Material: HSS steel with titanium finish
- Packaging: Double blister

The hexagonal stem allows a firm and secure grip on drill bores, facilitating rapid change between different diameters without the need for additional tools for adjustment.

Specifications

EAN	6941786816222
Manufacturer	WADFOW
Material	Acero HSS
