Description

The WADFOW portable lamp with hook is a versatile lighting device designed to provide light in spaces requiring mobility and easy placement. It includes a 5-meter power cord to reach distant points without the need for additional extensions. Technical Specifications

- Maximum bulb wattage: 75W
- Aluminum lamp shade
- Base: E27
- Durable plastic body
- 5m cable length (3*0.5mm²)
- No bulb included
- Weight: 980g
- Color box packaging

Due to its construction with an aluminum shade and durable plastic body, this model offers adequate structural durability for general environments. The 5-meter cable provides flexibility in the location of the light point, while the E27 base allows the use of widely available standard bulbs. The operation is simple thanks to its portable design and lightweight nature of 980g, facilitating transport between different work areas or rooms without significant physical effort.
