Description

The WADFOW angle grinder bracket, model WASC1251, is an accessory designed to stabilize cutting and polishing power tools. Its robust construction ensures precision during work.

Technical characteristics

- Body made of aluminium alloy
- Cast iron base for greater stability
- Clamp angle adjustment range: 0-45°
- Table size: 190x235mm
- Compatibility with 100-125mm angular grinders

The combination of materials allows firm clamping and flexible angle adjustment, facilitating cutting or sanding operations in different inclinations without compromising the safety and stability of the equipment.

Specifications

EAN	6941786819650
Manufacturer	WADFOW
Material	Aluminio

Measures	190x235mm
