Description

The 250mm WADFOW Scissor Shaft is a hand tool designed to make precise cuts on thin metal sheets. Its construction allows safe and efficient handling in general cutting tasks.

Technical characteristics

- Size: 10"/250mm
- Maximum carbon steel cutting thickness: $\leq 0.8\text{mm}$
- Maximum stainless steel cutting thickness: $\leq 0.6\text{mm}$
- Handle: plastic
- Presentation: blister

This tool is specified to work with limited thicknesses, ensuring that the material does not exceed the maximum values indicated to avoid damage to the sheet or tool.

Specifications

EAN	6942123017654
Manufacturer	WADFOW
Material	Plástico
