Description

The WADFOW impact dice set WMS4D08 is a professional eight-piece set designed for mechanical applications that require strength and precision in the disassembly of threads. This set is optimized for lasting performance thanks to its robust construction.

Technical characteristics

- Type: Set of 8 pieces of impact dice
- Drive size: 3/4"
- dice size range: 26, 27, 29, 30, 32, 35, 36 and 38 mm
- Material: Cr-Mo Alloy
- Process: Thermal treatment applied
- Presentation: Includes transport case

The combination of the Cr-Mo material with the heat treatment ensures the strength needed to operate under high impact loads, facilitating maintenance tasks in industrial environments where threaded components with diameters within the specified range are required to be removed or installed.
