Description

The WADFOW hexagonal stem wall drill with WMJ4K48 code is an accessory designed for electroportiles that facilitates drilling on various substrates.

Technical characteristics

- Diameter: 4x85 mm
- Hexagonal Vastagus
- Smooth dust removal and ultra-efficient drilling
- Suitable for concrete, brick and blocks
- Blister presentation

Its design allows controlled dust extraction during work, improving visibility and reducing the load on the tool by drilling hard materials such as concrete or brick with greater efficiency.

Specifications

Diameter	4 mm
EAN	6932584819157
Manufacturer	WADFOW
