Adjustable Drip with Stake High Flow 0-70L/h HORTILOX

Brand: HORTILOX

Reference: GIB 070237

The HORTILOX high-flow adjustable dropper allows you to adjust the flow and spray radius by turning your cap. It is installed directly in PE Dn12-32 mm pipes and connects with PVC Dn5/3 or PE Dn6 tubes. Made of anti-corrosive, anti-UV and anti-aging plastic, it facilitates inspection and cleaning as it is easy to disassemble.

Description

The adjustable dripper of the HORTILOX brand is an irrigation device designed to accurately control the flow of water in gardening and agriculture systems, allowing efficient distribution of the water resource.

Technical characteristics

- Adjustable flow range from 0 to 70 litres per hour.
- Includes stake for fixing on the ground.
- Swivel cover to regulate flow radius and spraying.
- Easy access to the lid for inspection and cleaning.
- Direct installation in PE pipes diameter 12 to 32 mm.
- Compatibility with 5/3 mm PVC or 6 mm PE tubes.
- Construction in corrosion resistant plastic, anti-UV and anti-aging.

Its wide range of adjustment makes it suitable for irregular terrain, facilitating the irrigation of shrubs, nurseries, fruit trees, pots and various plantations without the need for additional complex adapters.

Specifications

EAN	8432453702378
Manufacturer	HORTILOX
Material	Plástico
