Description

The TOLSEN Glass Key is a mechanical tool designed for tightening and loosening nuts and bolts with 1/2" square conductors. Made under international standards, it guarantees precision and durability in general maintenance applications.

Technical characteristics

- Material: 50BV30, heat treated
- Certifications: DIN3124, ISO2725-1
- Square driver: 1/2" according to DIN 3120, ISO 1174
- Finished: Polished surface with chromed

Its construction in high strength steel and applied heat treatment ensure the structural integrity of the handle during repetitive use, providing the necessary strength for standard mechanical operations.

Specifications

EAN	6933528716587
Manufacturer	TOLSEN
Material	Steel
Thread	1/2"
