Description

This variable angle is designed for the 32x16 mm section DLPlus moulding, allowing the joining of two pieces in interior or exterior angles. Its main function is to facilitate the connection in minichannel avoiding the need to make manual ing cuts, thus optimizing the wiring installation.

Technical characteristics

- Material: Halogen-free plastic
- Dimensions: 32 mm wide by 16 mm high
- Adjustable angle range: 60 to 120 degrees
- Colour: White (RAL 9003)
- Type of fixation: Pressure (click)
- Working temperature: 15 to 60 °C
- Surface treatment: No treatment

The possibility to adjust the angle between 60 and 120 degrees offers flexibility to adapt to different wall or floor configurations. The pressure fixation system ensures a fast and secure connection without additional tools. Being halogen-free, it meets common safety requirements in modern electrical installations.

Specifications

Colour	White
EAN	3245060333256
Halogen-free	Yes
Material	Plástico
Measures	32 mm x 16 mm
