Description

This variable angle is designed for the 40x20 mm section DLPlus moulding, allowing the joining of two pieces at interior or exterior angles. Its main function is to facilitate the connections in minichannel without having to make cuts in inglet, optimizing aesthetics and installation.

Technical characteristics

- Material: Halogen-free plastic
- Colour: White (RAL 9003)
- Dimensions: 40 mm wide by 20 mm high
- Angle range: 60° to 120°
- Model: Moulded cover
- Fixation: Pressure (click)
- Working temperature: 15 to 60 °C
- Surface treatment: No treatment

The compatibility with the specific section of the moulding ensures a precise adjustment. The pressure fixation system allows easy and quick handling during installation, avoiding additional tools for the coupling of the parts.

Specifications

Colour	White
EAN	3245060302818
Halogen-free	Yes
Material	Plástico
