Description

This variable flat angle is designed for the 40x16 mm section DLPlus molding. Its main function is to allow the joining of two pieces of the same section at a flat angle, facilitating the installation by avoiding the need for inglet cuts in the channel.

Technical characteristics

- Material: Plastic
- Colour: White (RAL 9003)
- Dimensions: 40 mm wide by 16 mm high
- Angle range: 85 to 95 degrees
- Model: Moulded cover
- Halogen-free
- Surface treatment: No treatment
- Type of fixation: Pressure (click)
- Working temperature: 15 to 60 °C

Pressure fixing allows quick and easy installation without complex tools. Being halogen-free, it meets specific safety criteria. The adjustable angle range offers flexibility in adapting to different channeling configurations.

Specifications

Colour	White
EAN	3245060333287
Halogen-free	Yes
Material	Plástico
