Flat channel angle FLUIDQUINT 60x70 white

Brand: LEGRAND

Reference: LEGRAND 611294

90-degree flat angle for 60x70 mm FLUIDQUINT channel, made of halogen-free plastic. Incorporates click-type pressure fixation system for quick mounting. Suitable for air conditioning installations with working temperature between 15 and 60 degrees Celsius, ensuring a stable and secure connection in the wiring circuit.

Description

Flat angle of 60x70 mm in white color, designed as accessory for channels of air conditioning installations. This molded roof component allows 90-degree turns in the channel path, facilitating the adaptation of the infrastructure to the needs of space.

Technical characteristics

- Dimensions: 60 mm high and 70 mm wide
- Material: Halogen-free plastic
- Turn angle: 90 degrees
- Colour: White
- Surface treatment: No treatment
- Type of fixation: Pressure (click)
- Working temperature: between 15 and 60 °C
- It is not antibacterial or compatible with circuit integrity

Pressure fixing allows quick and easy installation without the need for additional tools. Being made of halogen-free plastic, it meets basic safety criteria for this type of components. Its moulded roof design adapts to the standard dimensions of air conditioning channels.

Specifications

Width	70 mm
Colour	White
EAN	3245066112947
Halogen-free	Yes
Material	Plástico
Measures	60x70 mm
