Description

Screw support designed specifically for the installation of Livinglight mechanisms with 2 centered modules. This accessory allows the modular inserts to be secured safely by means of a screw-mounting system, ensuring a stable fastening on the working surface.

Technical characteristics

- Material: Thermoplastic plastic.
- Surface treatment: No treatment.
- Number of horizontal modules: 2.
- Number of vertical modules: 1.
- Mounting position: Horizontal and vertical.
- Insert assembly method: Front part.
- Includes integrated installation box.
- Fixation by screws.
- Not suitable for 60 mm round splicing boxes, flush installation, floor recessed boxes, 35 mm DIN channels or rails.

This support offers a practical solution for organizing and fixing Livinglight mechanisms in two-module configurations. Its front design facilitates the access and handling of components during the assembly process.

Specifications

EAN	8005543507117
