Description

The light Now plate is a functional accessory designed to aesthetically complete the installation mechanism. It is a 2-module white fiber plate, designed to integrate into modular systems and offer a coherent visual finish to the electrical assembly.

Technical characteristics

- Material: Thermoplastic plastic, halogen free.
- Colour: White (RAL 9001) with matte surface and no special treatment.
- Dimensions: 95 mm wide, 90 mm high and 8.5 mm deep.
- Configuration: 1 unit, 2 horizontal modules, horizontal and vertical assembly.
- Installation: A ras, locking by locking in position.
- Resistance: IK04, not suitable for recessed boxes on floor or channel.

This component allows a clean and uniform installation, facilitating integration into panels or flat surfaces thanks to its flush design and secure locking system.
