Description

The LW-PLACA 2X2M STONE plate is a functional accessory designed to aesthetically complete the installation mechanism. It is a 2+2 modules plate that offers a Stone finish, allowing a coherent visual integration into the electrical or control system where it is used.

Technical characteristics

- Material: Thermoplastic halogen-free plastic.
- Colour: Grey (similar to RAL 7008) with matt and varnished surface.
- Dimensions: 166 mm wide, 90 mm high and 8.5 mm deep.
- Configuration: 2 horizontal units and 1 vertical; 4 horizontal modules.
- Installation: A ras, with locking locks in position.
- Resistance: IK04. Horizontal and vertical mounting position.

This accessory stands out for its compact design and matt finish that provides visual uniformity. The absence of halogens in their composition and their resistance to IK04 impact guarantee a safe and durable solution for the completion of mechanisms.

Specifications

Width	166 mm
