Description

The LW-PLACA 2X3M DARK plate is a functional accessory designed to aesthetically complete the installation mechanism. It is a Dark modular finish plate that is mounted on the functional part of the system, offering a visual integration consistent with the electrical installation or control environment.

Technical characteristics

- Material: Thermoplastic halogen-free plastic.
- Colour: Black (RAL 9011) with matt and varnished surface.
- Configuration: 3 units, 6 horizontal and 1 vertical modules.
- Dimensions: 237 mm wide, 90 mm high and 8.5 mm deep.
- Installation: A flush, horizontal and vertical position, locking in position.
- Impact resistance: IK04.
- Transparent: Yeah.

This plate allows a clean and uniform installation thanks to its modular design and matt finish. Its halogen-free thermoplastic construction ensures a stable material composition, while IK04 impact resistance provides suitable mechanical durability for use in standard environments.
