Description

Mosaic Multiple Power Base, designed to offer a 2-take power supply solution in a compact 4-module format. This device, white (RAL 9003) and glossy finish, incorporates an automatic bottling system that facilitates installation and a light indicator to verify the state of the network. Its 45 degree angle design optimizes the space and ergonomics of use.

Technical characteristics

- Model: EEC socket 7/3 (type F)
- Nominal current: 16 A
- Nominal voltage: 250 V
- Frequency: 50...60 Hz
- Number of exit sockets: 2
- Number of modules: 4
- Protection for children: Yes
- With signal lamp: Yes
- Connection type: Plug Clamp
- Material: Thermoplastic halogen-free plastic
- Degree of protection: IP40
- Impact resistance: IK07
- Dimensions: 90 mm (width) x 45 mm (high) x 40 mm (depth)
- Assembly: Module housing holder, fastening

The inclusion of child protection and IP40 certification ensure safe use in home or office environments. The halogen-free material and IK07 impact resistance provide durability and safety against mechanical shocks. The derivative connection allows flexible integration into existing installations.

Specifications

Rated current (A)	16
EAN	3414971376885
Manufacturer	LEGRAND
Long	90 mm
Halogen-free	Yes
Material	Termoplástico
Measures	90 mm x 45 mm x 40 mm
# Elements	4
Depth	40 mm
Protection	IP40
Rated voltage	250
Nominal voltage (V)	250 V
Series	Legrand Mosaic
