Description

The 2-module white Mosaic support is designed for thin wall supports, allowing an orderly and functional installation in small spaces. Its compact structure facilitates the management of electrical connections while maintaining a clean and discreet aesthetic on the wall.

Technical characteristics

- Material: Thermoplastic plastic without surface treatment.
- Configuration: 2 horizontal and 1 vertical modules.
- Assembly: Embedded in cast with fast fixation.
- Position: Compatible with horizontal and vertical mounting.
- Installation: At the wall, no screws, no nails.
- Insertion method: On the front.

This support offers a practical solution for recessed installations, optimizing the space thanks to its thin wall design. The flush installation ensures a professional and safe finish, while the fast mounting system simplifies the placement process without the need for complex tools or additional bindings.

Specifications

Colour	White
EAN	3245060802912

Manufacturer	LEGRAND
Measures	150x150 mm
Weight (kg)	0.15 kg
Series	Legrand Mosaic
