### Description

The Niloé Step 2P+T power base with USB Type C charger is designed to replace a traditional socket without modifying the wiring or the existing box. This device combines a standard power outlet with a quick charging port, allowing to enrich the electrical functionality at the same installation point. Its matte blank design is discreetly integrated into any environment, offering a complete and practical solution for the management of power and charging of mobile devices.

#### Technical characteristics

- Model: EEC socket 7/3 (type F)
- Nominal current: 16 A
- Nominal voltage: 250 V
- Frequency: 50...60 Hz
- Number of USB-C ports: 1
- Number of exit outlets: 1
- Protection for children: Yes
- Material: Thermoplastic halogen-free plastic
- Colour: White (RAL 9003), matt finish
- Degree of protection: IP40
- Impact force: IK04
- Dimensions: 76 x 76 x 44.5 mm
- Assembly: Fitted with hook and screw

This equipment offers a versatile solution for spaces where you need to charge devices and power electrical equipment simultaneously. The inclusion of child protection adds an extra level of safety in daily use. Its construction in halogen-free thermoplastic ensures a safe and stable material composition.
